How Are Recipients Selected?

Scholarship recipients will be selected according to merit on a competitive basis. The Awards Committee will choose the recipients by evaluating each eligible student's personal statement, test scores and completed applications.

Students previously awarded a scholarship must re-apply again for consideration of this year's awards. Students previously awarded a scholarship and re-applying this year, must have complied with the previous year's award requirement to provide 2-3 progress updates through-out the previous academic year.

What is the Amount of the Scholarship?

The scholarship stipend is a one-time disbursement of \$1000.00. The Board has authorized the number of scholarship awards to be (5) separate awards, and granted the Scholarship Award Committee the discretionary authority to increase / decrease that number, based on the number of highly qualified applicants and availability of funds. Funds will be disbursed directly to the award recipient, and not the college.

What are my Obligations and Responsibilities if I am selected?

Scholarship recipients are completely responsible for making admission arrangements and fulfilling all requirements of the school selected, which must be a college or university in the United States or Canada, or an affiliate thereof abroad, which is fully accredited by its regional accrediting commission on higher education. The recipient must enter college as a student in the fall term following selection and must pursue a course of study leading to one of the traditional baccalaureate/graduate degrees. Scholarship recipients are expected to make normal academic progress from year to year and must remain in good academic and disciplinary standing. While honor grades are not required, scholarship recipients have a responsibility to do quality work in college.

Scholarship recipients must understand and accept the responsibility that they will be required to provide 2-3 progress updates throughout the academic year, to the Scholarship Awards Committee. Updates should include information on GPA and a short briefing of academic activities. Failure to provide those updates will result in ineligibility to apply again the following year.

Successful applicants will be presented the option of attending the Fall NEARS conference for personal acceptance of awards, or direct payment will be made to the recipient at their choice.
